

Hydraulic Fluids

High quality, long-lasting lubricants for hydraulic systems

Applications

MM Industrial Sales hydraulic fluids are ideal for a broad range of applications:

- All Hydraulic Systems

MM Industrial Sales has a hydraulic fluid to meet your needs

Biodegradable hydraulic fluids:

Designed for environmentally sensitive hydraulic applications or those requiring a biodegradable lubricant.

Food-grade hydraulic fluids:

Meet H1 requirements for lubricants with incidental food contact.

Fire-resistant lubricants:

Provide excellent fire resistance with superior protection at high temperatures and pressures.

Extended fluid life, clean-running hydraulic fluids

MM Industrial Sales's premium hydraulic fluids are formulated to withstand the harshest conditions and the most demanding operating environments. Our range of hydraulic fluids covers a wide variety of industrial applications, including those requiring fire resistance, food-processing, environmentally sensitive applications, low temperature systems and more.

Performance advantages

- **Long-lasting protection** — Synthetic base stocks resist oxidation and thermal degradation for longer fluid life
- **Compatibility** — Meets or exceeds OEM specifications and requirements of many manufacturers; flushing is generally not required to switch to MM Industrial Sales hydraulic fluids
- **Protection against carbon and varnish buildup**
- **Resists water contamination**

Hydraulic Fluids

Fluids		
Product	Description	Application
MM-2243	AW Hydraulic Fluid	All Hydraulic Systems
MM-2244	Semi-Synthetic AW Hydraulic Fluid	All Hydraulic Systems
MM-2245	Semi-Synthetic Food Grade AW Hydraulic	Food Grade Hydraulic Systems
MM-2289	Synthetic AW Hydraulic Fluid	All Hydraulic Systems
MM-2383	Synthetic Very Low Temp Hydraulic Fluid	All Hydraulic Systems, Down to -20°F
MM-2288	Synthetic Food Grade AW Hydraulic Fluid	Food Grade Hydraulic Systems
MM-2384	Synthetic Multi-Viscosity AW Hydraulic Fluid	All Hydraulic Systems
MM-2584	Synthetic Fire-Resistant Biodegradable Hydraulic Fluid	All Hydraulic Systems
MM-4584	Synthetic Fire-Resistant Food Grade Hydraulic Fluid	Food Grade Hydraulic Systems
MM-2283	Biodegradable AW Hydraulic Fluid	All Hydraulic Systems Requiring Inherently Biodegradable Fluid
MM-2284	Synthetic Biodegradable AW Hydraulic Fluid	All Hydraulic Systems Requiring Readily Biodegradable Fluid
MM-6857	Synthetic EAL Hydraulic Fluid	All Hydraulic Systems

Product properties are typical results and should not serve as a sole resource for determining the correct product for a particular application. Please consult an MM Industrial Sales representative to ensure that the product is the correct choice for the application. Revised 6/2018
